AT CLAYTON HOTEL CITY OF LONDON

—CLAYTON HOTELS VITALITY BREAKFAST—

BREAKFAST AND A HEALTHY DIET

A good breakfast gets your entire system up and running and will aid concentration throughout the day.

It can also mean less snacking. Choose from high fibre cereals and breads (preferably brown and wholemeal), multigrain porridge with seeds, nuts and fresh fruit or thick yoghurt with fruit compote and fresh fruit. With the Vitality breakfast selection available at Clayton Hotels, a healthier breakfast is guaranteed.

CHILDREN

Ensure your children get a good breakfast to kick-start their day: cereal, bread with cheese, scrambled eggs, yoghurt, or some fresh fruit.

EAT PLENTY OF FRESH FRUIT AND VEGETABLES

You should aim to eat at least five portions every day. Fruit or raw vegetables make great in-between meal snacks and most are packed full of vitamins and fibre to help you feel good and provide you with energy.

DRINK MORE WATER

Our bodies need water for survival and hydration, water helps cleanse your system. Drink plenty of it and aim for 8 glasses every day. When your body is slightly dehydrated it can make you feel tired or groggy.

Clayton Hotels breakfast offering is designed to offer you all this and more.
